The SB/A Cooperative

Efficiency | Savings | Simplicity | Freedom

The SB/A CoOp was formed in 2017 as a non-profit "Agency" Cooperative Corporation to provide for employer/employee health care benefits in the small and large employer marketplace. Each group employer SB/A CoOp Member can sponsor a partially self-funded ERISA Employer Welfare Benefits Plan for the benefit of its employees and their dependents.

SB/A CoOp may legally "aggregate" small business employers and protect claim exposure via an "Aggregate Stop Loss Fund" (ASLF) owned by the SB/A CoOp Employer Members. Each SB/A CoOp Employer Member has its own SB/A Cooperative sponsored and funded claim account administered by a contracted Third Party Administrator.

To participate and take advantage of the SB/A MEC Plan the following is required:

1. Broker completes appointment with USA Health Plans.
2. Employers complete the Group Enrollment Form & become member of the SB/A CoOp.
3. Enrollee completes the Group Health Application to join the plan. No medical questions.

The Employer's maximum claim liability is limited to the 12–month level funding of its claim account. Member Employers own the fund and may receive a defined surplus on a calendar basis (12/18) in accordance with Fiduciary responsibility.

The Small Business Agency Cooperative was organized to foster the development of partially self-funded healthcare benefit arrangements which include the use of Level Funded ERISA compliant "Limited Benefit Plans", the use of Employer funded "Aggregate Stop Loss " coverage and reinsurance consistent with applicable State and Federal laws, including ERISA.

SB/A CoOp acts primarily as the legal agent for all Cooperative Members in arranging for and facilitating ERISA compliant and ACA qualified employer/employee health benefit plans that are administered by a legal Third Party Administrator (TPA).

Brokers/Agents that are Members of the SB/A CoOp and who are compensated by the SB/A CoOp, may market the SB/A CoOp and its group health and welfare benefit plans.
